About Self Regional Healthcare Foundation

Self Regional Healthcare Foundation provides philanthropic support for new construction, renovations, service line enhancement, acquisition of new/replacement medical technology and scholarships to Self Regional Healthcare, a not-for-profit, regional, referral hospital that provides care for the residents of Greenwood, Laurens, Edgefield, Abbeville, McCormick, Newberry and Saluda counties. Since the establishment of the Foundation in 1985, more than \$30 million has been given to Self Regional Healthcare to ensure access to healthcare services, facilities and programs for the citizens of Greenwood and the Lakelands.

Welcome

Dear Friends,

With a population of 255,000 in Greenwood and the Lakelands region, it is imperative for Self Regional Healthcare to keep pace with the healthcare needs of our community. One of the ways Self Regional is doing just that is through charitable giving from the hundreds of donors listed in our 2017 Donor Report. At the heart of your hospital is a community that cares about the future of healthcare right here at home, and on behalf of the Board of Trustees of the Self Regional Healthcare Foundation, we thank you!

Our Vision is 2020 campaign is currently underway! The gifts recognized in this Report will support three mission critical projects on the main campus of the hospital: renovation of the Childbirth Center, renovation and expansion of the Ambulatory Care Center, and renovations to the Emergency Department. These three projects will touch thousands of lives, and the gifts given by the generous individuals, businesses, and foundations listed in this Report will help bring the aforementioned projects to fruition. Simply put, without this level of commitment, caring and support, Self Regional Healthcare would not be the premier healthcare provider that it is today.

Philanthropy always has been and always will be, critical to continuing the tradition of healthcare excellence in our community. It began in the mid-1940's when James C. Self stepped up to build a new hospital for this community after a tornado destroyed the original hospital in April, 1944. Self Memorial was given as a gift to provide the best healthcare for Greenwood and surrounding areas. Thanks to the gifts recognized in this Report, that spirit lives on.

As Our Vision Is 2020 Campaign proceeds, we will build on the culture of philanthropy that has sustained healthcare in this community for more than 66 years. Thank you for your support and for caring to make a difference in the future of healthcare!

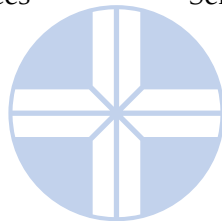

Sincerely,

Courtney Furman, Chairman
Self Regional Healthcare Foundation Board of Trustees

Ken R. Coffey, Executive Director
Self Regional Healthcare Foundation

“It is one of the most beautiful compensations of this life that no man can sincerely try to help another without helping himself...Serve and thou shall be served.”

Ralph Waldo Emerson

Madame Curie Society

The Madame Curie Society came about as a tribute to Madame Curie who was a daughter, a wife, a mother, a scientist and a physicist. She was a pioneer whose work led to the discovery of elements that are vital to the work hospitals perform every day. Her gifts to mankind have given physicians and nurses one of the most important weapons to diagnose, treat and fight illness, injury and disease: diagnostic imaging.

Moreover, her gift has endured through time, just as the gifts from our Madame Curie Society members continue to make a difference in availability of high quality healthcare in our community and the Lakelands region.

Madame Curie Society Spring Social

On May 25, 2017 the Special Gifts Committee hosted the Madame Curie Society's first annual spring social "Bring A Friend" event at the Farmer's Market in Uptown Greenwood. This event was an opportunity for current Madame Curie Society members to invite prospective new members to continue improving healthcare in our community.

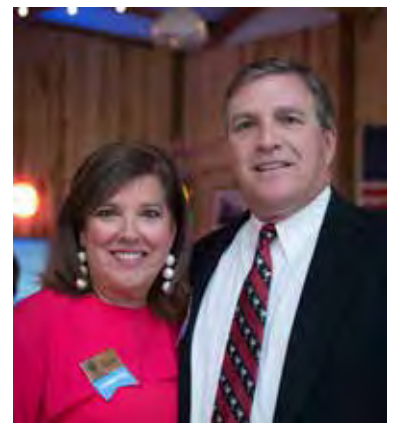

Madame Curie Society Fall Recognition Dinner

On November 2, 2017, 170 of Greenwood's most prominent and influential citizens gathered at Cedar Ridge Plantation for the Foundation's Madame Curie Society's annual Recognition event. The Foundation hosts the event to recognize and thank members of the Madame Curie Society.

To recognize new and renewed Madame Curie Society members for their support, this year's event included a special pin presentation. This pin is testament to the fact that these individuals are a member of a group of very special people who care about the future of healthcare in our community.

The program, "Celebrating 20 years of Spine Care in the Lakelands," featured physicians from the Carolina Spine Center. The physicians gave an informative presentation on how the Foundation has helped provide advanced equipment for spine care in Greenwood.

Madame Curie Society members are a group of caring and involved community members who've contributed or made a personal pledge of \$10,000 or more to promote healthcare excellence in Greenwood and the Lakelands region.

Through the years, the Self Regional Healthcare Foundation has been blessed with many benefactors who have created a personal legacy by supporting our healthcare programs and services through planned gifts. The Legacy Circle program was established to honor those people... living and deceased... who have remembered Self Regional Healthcare Foundation in their estate plans. If you have made a provision for Self Regional Healthcare in your estate plan or if you would like information on how to do so, please let us know by calling the Foundation office at 864-725-4256 or by emailing kenneth.coffey@selfregional.org.

The following individuals have notified us that they have made a provision in their estate plan for the Self Regional Healthcare Foundation.

Can I Use a QCD as the RMD for my IRA?

Sometimes it seems as though the investment world is fraught with acronyms, lingo and jargon that only financial insiders can decipher. Perhaps some of those insiders, people who are tasked with helping investors understand how to plan for their future, do not want you to know what they're talking about. Maybe they think it makes them seem more knowledgeable. An expert, if you will. Hopefully, this article will shed some light on a potential income tax savings that largely goes unnoticed. Before we get to that, let's first dive into some terminology.

What is QCD or an RMD? For that matter, what does IRA stand for? Let's begin with the one most people are familiar with, the IRA. IRA stands for Individual Retirement Account. The Individual Retirement Account was created by the Employee Retirement Income Security Act (ERISA) of 1974. The IRA was created as a vehicle to enable investors to save money for retirement while at the same time getting the income tax deduction for monies contributed to the IRA.

Fast forward to 1982. The Commodore 64 8-bit computer hits the market, *E.T.* is a box office smash and a gallon of gas is .91 cents. Congress realizes that by creating the IRA, they have enabled taxpayers to avoid income tax on IRA funds until they are withdrawn. This is when a forward-thinking politician posed the following questions: "What happens if the IRA owner never withdraws from their IRA?" "What happens if the IRA passes to the heirs?" "We may never get to tax all the money sitting in IRAs!" With this scenario in mind, congress created the Tax Equity and Fiscal Responsibility Act of 1982 (TEFRA). Among other things, TEFRA outlines the rules surrounding our next topic, Required Minimum Distributions (RMD).

Here's where it can get confusing. Required Minimum Distributions were designed to force IRA owners to withdraw money from their IRA by April 1st of the year following the year they turn 70 1/2, and every year thereafter, or be subject to a penalty of 50% of the RMD amount not withdrawn. Ouch! Also, if you wait until April 1st of the year following the year you turn 70 1/2, then you're also required to take the previous year's RMD AND the current year's RMD by December 31st. That can create a taxable income "double whammy!" With so much confusion, what can an IRA owner do to avoid paying income tax on their RMD? Here's where a QCD comes to the rescue.

QCD stands for Qualified Charitable Distribution. A QCD allows an IRA owner, subject to RMD, to direct their RMD to a 501(c)(3) organization, eligible to receive tax-deductible contributions. There are limits and restrictions on how and when you can do this. You must be 70 1/2 or older. The maximum amount that can qualify for a QCD is \$100,000. The funds must come out of your IRA by the RMD deadline, generally December 31st. Also, in order for the QCD to qualify the distribution check must be made payable to the charity. You cannot receive the funds, then write a personal check to the charity.

Here's an example of QCD at work: Mary and Tom, the charitably minded couple who donated stock in my previous article (Shorelines, April 2017), would like to give cash to their favorite 501(c)(3) charity. They can either write a check with the after tax funds or direct their IRA custodian to mail an RMD check payable to the charity. There are several benefits of a direct RMD QCD contribution. One benefit is that Mary and Tom can give more to the charity because they use before tax money. Another is that the QCD is not included in their gross income, thereby not increasing their Adjusted Gross Income (AGI). Mary and Tom are well aware that an artificially inflated AGI may create a phase out of both personal exemptions and itemized deductions on their tax returns. Also, since they receive Social Security benefits, a higher AGI could lead to more of their Social Security benefits being taxed.

Be aware, this is not a complete description of all possible QCD scenarios. Please consult a Certified Financial Planner (CFP®) and/or Certified Public Accountant (CPA®) for more details.

In conclusion, although it's probably unwise to avoid withdrawing your RMD, it is possible to do so in a way that creates a "win-win" scenario for both your favorite charity and yourself. I hope this information is useful to you in making future decisions about how to best manage both your RMD and your financial future. Now, one last acronym before I leave you.

1951 Club Recognition Event - Low Country Boil

Members of the 1951 Club demonstrate their commitment to better healthcare in Greenwood and the Lakelands region through their generous gifts to Self Regional Healthcare Foundation. 1951 Club contributions support Self Regional Healthcare's "Our Vision is 2020" Campaign. Three vital projects are part of this bold campaign: renovations to the Ambulatory Care Center, renovations to the Childbirth Center and the renovation and expansion of the Emergency Department.

Annual Support

Self Regional Healthcare Foundation began its Childbirth Center fundraising in 1994 thanks to a gift from the late Senator Strom Thurmond, whose four children were born at Self Regional Healthcare. The Rocking Horse Honor Roll offers a special way to commemorate the birth of a child. With a gift of \$150 or more, newborns are honored with medallions on the wall of our Childbirth Center. Gifts to the Rocking Horse Honor Roll are earmarked for the Nancy Moore Thurmond Memorial Fund, which is dedicated to providing equipment and services for our Childbirth Center.

Annual Support

Over the years, an increasing number of patients have expressed gratitude for the care they've received by making a gift in honor of their doctor. National Doctors' Day, which is celebrated on March 30, provides a perfect opportunity to give a special thanks to physician/caregiver. The donors listed below made a gift to demonstrate their appreciation while at the same time, making a tangible and meaningful impact on our ability to care for patients 24 hours a day, 365 days a year.

Annual Support

The Self Regional Healthcare team takes pride in their work and try hard to always create the best experience for our patients, their families and their visitors. Over the years, many of these individuals have supported Self Regional Healthcare Foundation by paying tribute to a special caregiver – the physician, nurse, housekeeper, volunteer or other individual who made a difference in their stay or the stay of a friend or loved one at Self Regional Healthcare. These individuals below have made such gifts, and we're grateful for their generosity.

“Think of giving not only as a duty
but as a privilege.”

John D. Rockefeller

The Gift of Tribute program of the Self Regional Healthcare Foundation Annual Support Committee remembers those who have had an impact on our lives. Gifts can be in memory of someone who has passed away, or can be in honor of someone who is celebrating a birthday, anniversary, graduation or wedding. When you make a Gift of Tribute, you will receive a letter acknowledging your gift and the honored person or family will be notified of your thoughtful tribute. The amount of the gift is kept confidential. To make a Gift of Tribute on line, visit www.selfregionalfoundation.org and go to the “Giving to Self Regional” section where you may use your credit or debit card.

The Gift of Tribute can be used in a variety of ways:

- To give tribute to a loved one or friend who has passed away
- To honor celebrating a birthday
- To recognize a life milestone such as an anniversary, a graduation or a wedding

Team Member Awards Banquet

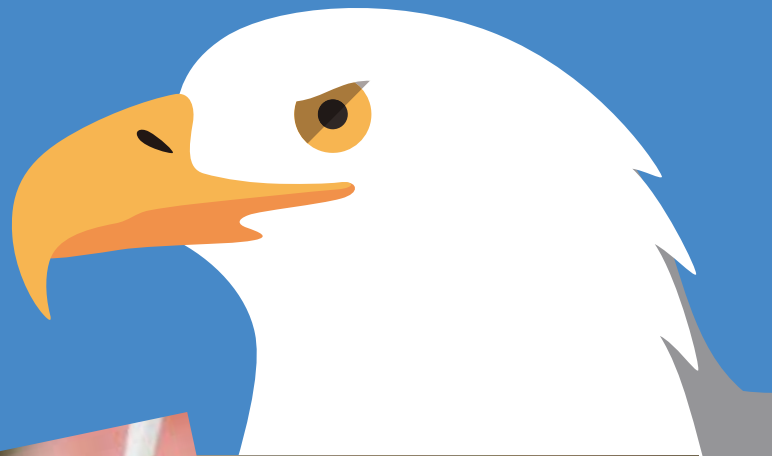

Jim Pfeiffer, President and CEO of Self Regional Healthcare presents Lois Gladden of the SRH Payroll Department the 2017-2018 Team Member of the Year award.

Grace Fund

The Foundation and its five development committees seek to raise funds from individuals, businesses, and foundations in support of new construction and renovations to the hospital, purchase of new and replacement medical technology and for a variety of other programs including scholarships, continuing education, and various other special purposes. One such special purpose is the Foundation's GRACE Fund, which was established in 1993 to assist team members in times of financial crisis.

Assistance is available to all Team Members who have been employed at least 6 months and find themselves in a crisis situation (defined as devastating, major, serious, or life-altering situation). The GRACE Fund is overseen by a committee comprised of representatives from the Foundation, Human Resources, Case Management, and Nursing. All distributions to team members are confidential.

2017 Mid-Winter Ball

Self Regional Healthcare Foundation and title sponsor Greenwood Capital Associates and Countybank held the 29th Annual Mid-Winter Ball on Saturday, February 25, 2017. Co-chaired by Hanna Dover and Amanda Breeden, this signature community event featured the whimsical theme, Cirque de Soiree...A Curiously Unexpected Evening. Guests enjoyed acrobat performers, tarot card readers, stilt-walkers, fire breathing magicians, and living hors d'oeuvres table. Playing virtually every genre of music, the band Mr. Potato Head rocked the evening. The 2017 Mid-Winter Ball raised \$58,000 to advance the quality of healthcare in Greenwood and the Lakelands

Since its inception, the Mid-Winter Ball has raised more than \$2.9 million on behalf of Self Regional Healthcare.

Many thanks to our 2017 Ball Sponsors and Patrons:

Self Regional Healthcare Auxiliary

We believe in quality service, performance excellence, a professional presence and the hospital's tradition of excellence. The vision of the Volunteer Services Department is to complement the services of the departments and staff that volunteers serve and to be recognized as an essential and credible program within the hospital.

2017 was another banner year for the Self Regional Healthcare Auxiliary. Through the operation of the Auxiliary Gift Shop, Special Vendor Sales and The Lights for Love Project, the Auxiliary has generated income that has enabled it to make substantial equipment donations to the hospital that benefited all our patients and their families. To date, the Auxiliary has given approximately \$2.1 million dollars to the organization. To mention a few of the projects funded by the Auxiliary

- \$350,000 Verify Safety Equipment for Radiation Oncology
- \$250,000 Purchase of the SRH Cancer Center Infusion Wing
- Televisions and electrical wiring for the SRH Emergency Center
- Neonatology bed warming units for SRH Nursery
- Coloring Book and Crayons provided to each child that comes to the SRH Emergency Center
- The Auxiliary also continues to support the Nursery with the New Baby Booklet provided to parents that choose SRH for services
- \$22,000 NICU Update in Memory of Dr. Terry Marshall
- \$3000 in school scholarships to deserving Greenwood Students
- \$9000 for eight individuals to attend Piedmont Tech and become certified patient care technicians "SRH Hospital Project"
- \$1000 contribution to United Way of Greenwood

As important as the financial support is, the compassion, understanding and smiles of the volunteers and the many hours of service to patients, visitors and the hospital continues to be invaluable. There have been many accomplishments over these years—the equipment, services to patients and the opportunities for education for our young people that are interested in healthcare careers through our Junior Student Volunteer Program.

The Self Regional Healthcare Volunteer Services Department through the Self Regional Healthcare Workforce Development Program provides students with disabilities the opportunity to gain the skills and

knowledge to assist the student in making a successful transition into adult life. In collaboration with the Greenwood School District, Volunteer Services promotes the transition from school to post school activities, whether that would be employment, adult education, independent living, or community participation. The School- to- work Opportunities Act was signed into law in 1994, and is the plan for all students to acquire the skills and experiences they need for success in life after their schooling is complete. Some of these students have had the opportunity to learn and be productive employees at Self Regional Healthcare.

2016-2017 Hours of Service

Senior Volunteers - 24,883
Junior Volunteers - 2366
Transitional Students - 5600
Total Hours - 32,849

The Auxiliary will be celebrating its forty-seventh birthday in the summer of 2018.

Lights For Love.

The Self Regional Auxiliary Annual Lights for Love fund-raising campaign began in the fall and continued through New Year's Day. We invite members of the community to make donations in memory or honor of those who have been significant in their lives. Acknowledgment cards are sent to those being honored, or to the family of those being remembered. The names of the honorees are displayed in the hospital atrium throughout the holiday season.

2017's goal of \$22,000 offers a wonderful opportunity for all to be involved, and help fund the Auxiliary's commitment to the Self Regional Healthcare Cancer Center. A live tree, planted on the hospital grounds especially for the Lights for Love Celebration, was lit to honor those in whose names donations have been made.

The minimum donation for each honoree is \$5 and all donations are tax deductible as allowable by law.

"Lights for Love Star was given in Loving Memory of Dr. Terry A. Marshall and all funds raised will be given to NICU for renovation and update of the unit."

Self Regional Healthcare Cancer Center 7th Annual Pretty in Pink Celebration

Scholarships

M. John Heydel poses with the 2017 M. John and Drenda Heydel Respiratory Therapy Scholarship recipients. The 2017 recipients were Tamara Tate, Nicole McMurray and Brianne Woodruff. Tamara Tate and Nicole McMurray were also the recipients of the Frank Spooone Memorial Respiratory Therapy Scholarships.

Members of the Mary Ella Ruff and Charlotte Blackwell Memorial Nursing Scholarship committees pose with 2017 scholarship recipients. Pictured from left: Courtney Furman, Foundation Board Chair, Ellen Rhodes, NP, Mary Ella Ruff, Faye Reighley, Amelia Pressley, Amanda Kelly, Sharon Walb, Director of Patient Care Services, Jim Pfeiffer, President and CEO, and Dr. John Paguntalan.

M. John and Drenda Heydel Respiratory Therapy Scholarship

Self Regional Healthcare Foundation is pleased to announce that two Piedmont Technical College students have received scholarships to assist with their respiratory therapy studies.

The M. John and Drenda Heydel Respiratory Therapy Scholarship awards each recipient \$1,000 in scholarship funds. The M. John and Drenda Heydel Respiratory Therapy scholarship, named in honor of former respiratory therapist and Self Regional Healthcare President and CEO John Heydel and his wife Drenda, is available to first- and second-year students enrolled in the respiratory therapy program at Piedmont Technical College.

Mary Ella Ruff Nursing Scholarship

The Mary Ella Ruff Nursing Scholarship is named in honor of Miss Ruff, a truly dedicated and exemplary Self Regional nurse. Miss Ruff dedicated her life to taking care of people and after working as a nurse for 35 years, she retired in 1978. Her co-workers established this scholarship in 1997 in her honor as one of the finest and beloved nurses.

This scholarship is awarded annually to persons enrolled in a certified nursing program in the state of South Carolina or to practicing nurses who are advancing their professional skills.

Frank Spooone Memorial Scholarship

A scholarship program has been established in memory of Frank Spooone, one of the most dedicated and unique Respiratory Therapists ever to serve at Self Regional Healthcare. Frank passed away in 2004 and his friends and colleagues established a scholarship program for future Respiratory Therapists who attend Piedmont Technical College and wish to spend their careers here at Self Regional. The 2016 recipients, each receiving \$500, were Rebecca Langford and Lauren Babb.

Charlotte Blackwell Memorial Nursing Scholarship

A scholarship program has been established in memory of Charlotte Blackwell, one of the most dedicated and inspiring critical care nurses ever to serve at Self Regional Healthcare. Charlotte passed away in 2005 and her friends and colleagues established a scholarship program in her memory for future nurses. Those eligible to apply must attend Lander University or Piedmont Technical College and wish to spend their careers here at Self Regional.

Scholarships will be awarded to graduating high school seniors or current nursing students. Scholarships are administered by Self Regional Healthcare Foundation and we're proud to recognize the 2017 recipients.

Self Regional Healthcare Foundation

Founded in 1985, the Self Regional Healthcare Foundation was established to generate charitable support from individuals, businesses and local and regional foundations. The Foundation works in concert with the hospital board and administration to help address needs for renovations and/or new construction, the purchase of new and replacement medical technology, and other needs as identified by the Foundation Board and Self Regional Healthcare Board of Trustees.

Please take a few minutes to read through the following questions about why private charitable support is so important for Self Regional Healthcare. We think you will discover some interesting information.

Frequently Asked Questions

Why does a successful health system like Self Regional Healthcare need to raise money?

Charitable support has always been and will always be important as Self Regional Healthcare moves to more and more outpatient services and as managed care and other cost containment measures are implemented. Charitable contributions will enable Self Regional Healthcare to continue healthcare excellence and meet its responsibility to keep up with advances and changes in the delivery of healthcare to our friends, neighbors, workers and loved ones.

Isn't the Hospital supported by my tax dollars?

No. Self Regional Healthcare has three sources of revenue: from the payment for services provided to patients using Self Regional's services, by incurring long term debt, and from charitable donations. Unlike many charities, Self Regional Healthcare receives no financial support from the city, county, state or federal governments. In fact, Self Regional Healthcare pays a "business license fee" to the City of Greenwood.

How is the Foundation fundraising program organized?

The Foundation's gift income goals and objectives are accomplished through the efforts of five committees; Annual Support, Business & Industry, Planned Gifts, Special Gifts and Signature Gifts. 50 volunteers and community leaders serve on these 5 committees and assist the Foundation by developing community education and service programs and recognition of Foundation supporters that in turn helps to create greater visibility in the community and increase philanthropic support.

Who serves on the Foundation's Fundraising Committees?

Volunteer community leaders with diverse backgrounds and expertise, employees, and medical staff members who care about the future of healthcare in Greenwood and the Lakelands.

How much money has the Foundation raised?

Since the formation of the Foundation in 1985, nearly \$29 million in charitable support has been contributed from individuals, businesses and foundations.

Why should I give to the Self Regional Healthcare Foundation?

Of all the not-for-profit institutions in our community, Self Regional Healthcare has the distinction of helping the most people in need. Nearly one of every three people in Greenwood County and the Lakelands has some contact with the hospital either through the emergency department, surgery, or outpatient services. As such, Self Regional is one of our most valuable community resources and your support will help Self Regional care for your families, friends, and neighbors.

Doesn't most of the money raised come from foundations and corporations?

Surprisingly, no. National statistics indicate that of all dollars raised, approximately 5 percent comes from foundations, 5 percent from corporations and the remaining 90 percent from individuals.

What is the Hospital family doing to support the Hospital?

Self Regional Healthcare Team Members are in the midst of the Our Vision Is 2020 campaign. Thus far, Team Members have pledged more than \$750,000 over the next five years to support Self Regional Healthcare. This campaign will be expanding to the rest of the Self Regional Healthcare family including the Board of Trustees, Auxiliary, and Medical staff.

How will the money be spent?

All charitable gifts contributed to this Foundation, unless specifically restricted by the donor, are deposited in a special development fund account that is used solely for capital expansion, renovation and equipment needs at Self Regional. Contributions raised as part of Our Vision Is 2020 Campaign will be earmarked to support renovations and expansion of our Ambulatory Care Center, Childbirth Center and Emergency Department.

Is my donation tax deductible?

Yes! The Foundation is a 501(c)3 not-for-profit corporation so designated by the Internal Revenue Service. As such, most donations made to the hospital are deductible from state and federal income taxes to the full extent provided by law.

2017 Self Regional Healthcare Foundation Women's Health Classic

Self Regional Healthcare Foundation is the title sponsor for the LPGA/Symetra Tour golf tournament held at The Links at Stoney Point. Titled the Women's Health Classic, this Symetra Tour event raises funds for women's health initiatives at Self Regional Healthcare. The economic influx generated by this partnership has been substantial.

There is a natural connection between Self Regional and the Symetra Tour. This being a professional ladies competition, the focus on women's and family health is a no-brainer.

As the primary beneficiary of the tournament, the Self Regional Healthcare Foundation receives funds from the event to support community outreach services for Lakelands area women and their families.

The proceeds from the tournament provides an avenue for women and their families to access health and wellness services in a non-traditional setting that is convenient, non-intimidating and affordable.

HEALTHCARE FOUNDATION

**WOMEN'S HEALTH
CLASSIC**

Childbirth Center Renovation

The renovations to the Childbirth Center will feature a new, secured, dedicated 24-hour access elevator opening onto a welcoming, comforting entrance lobby, which will serve as the new main entrance to the Childbirth Center for laboring mothers. A new corridor will connect the lobby to the existing department and a bank of new diagnostic triage rooms that allow mothers to be assessed in an appropriate setting, without occupying valuable labor rooms. An adjacent triage nurse station will enhance the level of care for patients in this area. The renovation of this department also includes a rework of the nurse's station to provide better views to patient rooms, improved equipment storage, med-prep and nourishment rooms, and improved secured records storage. To accommodate these changes, the footprint of the nursery will be reduced, due to the practice of rooming-in newborns with mothers. In the adjacent C-section Suite, two spaces will be renovated to provide more suitable private recovery bays, sufficient equipment storage, and a more efficient staff locker area. The existing LDRP rooms are proposed to receive new finishes and replacement of existing birthing lights, to enhance patient comfort and provider care. The renovation will improve the overall experience for mothers, babies, and families.

Project Total: \$2,500,000

Ambulatory Care Center Expansion and Renovation

Prior to the recent renovations to adjacent areas, the Ambulatory Care Center had 22 pre-op/phase II recovery holding rooms. During those renovations, the Ambulatory Care Center lost 4 pre-op/phase II recovery holding rooms, staff work areas, and support spaces. The proposed addition and renovation to the ACC will replace those 4 pre-op/phase II recovery holding rooms, staff work areas, and support spaces and add 2 new pre-op/phase-II recovery holding rooms, bringing the total number of rooms to 24. In the current configuration, the staff must occasionally send a patient to the inpatient tower due to lack of available rooms, which is uncomfortable for the patient and inefficient for the staff.

The addition of new rooms will allow the staff to serve all patients directly, all within an updated and more comfortable department. Additionally, existing rooms will receive an update of finishes to create a more comfortable environment, improve lighting and staff work space, and incorporate the infrastructure for new electronic medical records equipment. The renovation includes an enlarged nurse station that is positioned with better sight lines to the department entrance and all patient rooms. Connected to the nurse station are updated med-prep and nourishment rooms, and HIPAA compliant physician dictation and record storage areas for improved staff efficiency, which allows staff to spend more time with patients and less time in work areas.

Project Total: \$8,700,000

Emergency Department Renovations

The Emergency Department is the final phase of these three projects. The current Emergency Department was designed to accommodate 35,000 +/- patients per year. In 2018, we anticipate treating 60,000 patients. The renovation plans for this project are under development, but we've identified the following goals that will be part of the new Emergency Department design.

Fast Track: The fast track unit will provide non-urgent care to patients to be seen by a provider in a more timely fashion.

Maximize visibility from Nurse Station to Patient Room: Improves continuity of care, increases security, and reduces wasted travel distance. Emergency Department rooms to be universally designed to eliminate "open chairs" that cause unnecessary delays in patient care. An Observation Unit allows a patient who is awaiting results to wait in a staffed room without consuming valuable Emergency Department Resources. During peak Emergency Department volumes, this Unit can also be used during times of high census.

Improved Access to Imaging: Appropriate number of resources such as X-Ray and CT Scanner will be located within the Emergency Department. This will provide quicker access to scans and will reduce patient hand-offs and wait times.

Project Total: \$16,800,000

Grand Total: \$28,000,000

Summary

- Dedicated elevator lobby in new entrance that is secured and can only be accessed by mothers.
- Improved triage layout which reduces waiting times.
- Improved patient and family experience.
- Aesthetic upgrades to ensure Self Regional can compete in the delivery market.

Summary

- A new addition on Spring Street will provide a strong wayfinding and design element.
- The expanded footprint will allow for increased clinical support and patient care spaces.
- Improve patient intake process and eliminate the current operations.

Summary

- The renovation will improve the average time it takes a patient to see a physician/provider.
- Fast-Track and Observation Beds will greatly improve throughput and reduce key metrics.
- Reconfiguration of the existing facility can provide modern Emergency Department.
