What Is The Team Member Campaign?

Our team member campaign provides an opportunity for the Self Regional family to show their support for various capital projects at Self Regional. By making a gift, team members have the satisfaction of knowing they are doing something important for Self Regional Healthcare and helping provide our community with the best possible healthcare.

The Equation For Progress Campaign!

The Self Regional Healthcare Foundation is in the early stages of launching the Equation For Progress Campaign. This Campaign is focused on providing charitable gifts to support the da Vinci robotic surgery technology and support to establish a comprehensive breast center for women. The funding for these two projects will come from two sources: philanthropy and cash reserves budgeted by the hospital knowing that these improvements were on the horizon. These two projects have the potential for touching countless lives in our community as prostate and breast cancer are two of the most common forms of cancer and the 2nd leading cause of death among men and women in Greenwood and the Lakelands. Your support is critical to the success of this campaign and to the success of our fundraising efforts in the community.

Why Should Team Members Give?

One of the most common questions we are asked when asking for support from individuals and businesses in the community is "What is the Self Regional Healthcare family doing to support the Foundation?" During our last campaign, more than 700 team members contributed almost \$1 million to renovate our Surgery Center, the Childbirth Center, and soon...the Emergency Department. In addition to your support, members of the medical staff contributed \$1.2 million in our last campaign. When people in this community learn of the generosity of our team members, they are astonished. None of us are surprised. Your generous support of this effort will send a loud and clear message to the community. That message is this: Self Regional Healthcare team members don't just make a living. They make a difference in the lives of our patients and their families!

Help Us Solve The Equation For Progress!

The Equation For Progress is not the Pythagorean Theorem or Rate x Time = Distance. The Equation For Progress is simple. It's People + Philanthropy = Progress. By making a gift to this Campaign, you can be part of the solution! The easiest and most popular way to contribute is through payroll deduction. Your after-tax payroll deduction will be deducted from your paycheck each pay period or once if you select a one-time donation option. Your payroll deduction will begin as soon as your pledge form is processed unless you provide an alternative date. You can even donate Paid Time Off. Keep in mind that you can change your level of contribution at anytime by contacting the Foundation.

We hope you will support this effort by making a three-year commitment to help with our Equation for Progress Campaign.

Thank you.

Name: _____

Team Member ID#: _____

Department Name: _____

Extension #: _____ Date: _____

Signature: _____

- Unless otherwise stated in writing by the donor, payroll deductions will begin when your pledge is processed by the Foundation and will continue as directed by your pledge selection.
- PTO hours will be deducted once your pledge is processed by the Foundation.

Gifts to the Foundation are tax-deductible. To change your gift or choose other payment options, please contact the Foundation office at 864-725-4256.
