Thank you for your service

We are pleased to acknowledge and recognize outgoing Board of Trustee members Jerry Stevens, Laine Orcutt and Robbie Sanders. Tim Hodges, Board Chairman, said “We were blessed to have these three leaders serve on our Board. We are grateful to each of you for sharing some of your time, talents and treasures to improve healthcare in Greenwood County and the Lakelands region.”

Thank you!

Robbie Sanders

A Message from Foundation Leadership

Dear Friends,

We are pleased to bring you our 2022 Donor Report, which recognizes our donors and friends of the Self Regional Health Foundation.

As we enter our 38th year of service for Self Regional Healthcare, we celebrate the fact that our Foundation has raised more than \$45 million to benefit healthcare in Greenwood and the Lakelands region. In this report, you will find the names of hundreds of donors who have helped our Foundation grow its connection to the community and increase philanthropy to help Self Regional Healthcare be the first choice to get and give care.

As you may know, we are in the silent phase of our next fundraising initiative: The Equation For Progress Campaign. You will be seeing and hearing more about this initiative in the coming months. This Equation has a simple answer: People + Philanthropy = Progress. As you learn more about our campaign, we hope that you will join us and be part of the solution.

With your continued involvement and support, we know that we will be successful. Thank you for your support and thank you for caring to make a difference in the future of healthcare in our community.

About Self Regional Healthcare Foundation

Self Regional Healthcare Foundation is a 501(C)(3) that supports Self Regional Healthcare, a not-for-profit, regional referral hospital that provides care to residents of Greenwood, Abbeville, Laurens, Saluda, McCormick, Edgefield and Newberry counties. Services include prevention and wellness, acute care and tertiary care services including cancer care, neurosurgery, heart and vascular surgery, NICU, orthopedics and genetics.

The Foundation's mission of improving healthcare in the Lakelands supports healthcare technology investments at Self Regional, including the ICT BrainSuite, the Cancer Center's expanded facility which opened in 2011, and programs and services including the Self Regional Health Express, which serves underserved communities and individuals.

Foundation Mission Statement

To inspire a *spirit of giving*
To *improve healthcare* in the Lakelands
by helping bring *advanced care closer to home*.

Foundation Staff

Welcome Jessica Garcia!

Jessica Garcia was recently selected as the new Development Officer for the Self Regional Healthcare Foundation. She will provide close support to Foundation volunteers that serve the Annual Support, Business & Industry, Planned Gifts, and Special Gifts Committees, as well as helping with the various recognition

and fundraising initiatives for the Foundation. She is a native of Greenwood, and after graduating from Greenwood High School, she received her Bachelor of Science degree in Psychology from Lander University. Mrs. Garcia went on to obtain her Master of Science degree in Health Psychology from Grand Canyon University.

Prior to joining the Foundation, Garcia worked for Meg's House, Greenwood Treatment Specialists, and Aging With Flair, LLC.

She is an active member in our community, currently serving as the Chair for Connect Young Professionals, a networking and educational group for the Greenwood Chamber of Commerce. Jessica has been a volunteer member of the Foundation's Annual Support Committee for the past year. Mrs. Garcia is a past member of the Chamber Board of Directors and currently serves on the Board of Regents for the Chamber's Leadership Greenwood program. She was recently elected to serve on the Board of Trustees for the Greenwood Rotary Club, serves as the Club's Service Project Chair and is a co-chair for the 2023 Festival of Flowers. She is also a member of the Greenwood Abbeville Coalition against drug abuse. Jessica is a member of New Spring Church, where she met and married her husband, José Garcia. They have two beautiful daughters, Lexa and Madi. In her free time, Jessica enjoys spending time with family, chasing sunshine, painting, singing and cooking.

Breast Cancer Awareness

Lander University Campus Recreation, Lander University CrossFit and the Lander University Powerlifting Club hosted their 8th annual fitness fundraiser for Breast Cancer Awareness - Bearcats for Boobs. This year, these groups chose to partner with the Self Regional Healthcare Foundation to support the Equation for Progress Campaign. In addition to raising awareness for the early detection and treatment of breast cancer, participants competed in the benchmark CrossFit breast cancer workout "Grace," as well as a 3-rep max bench press workout.

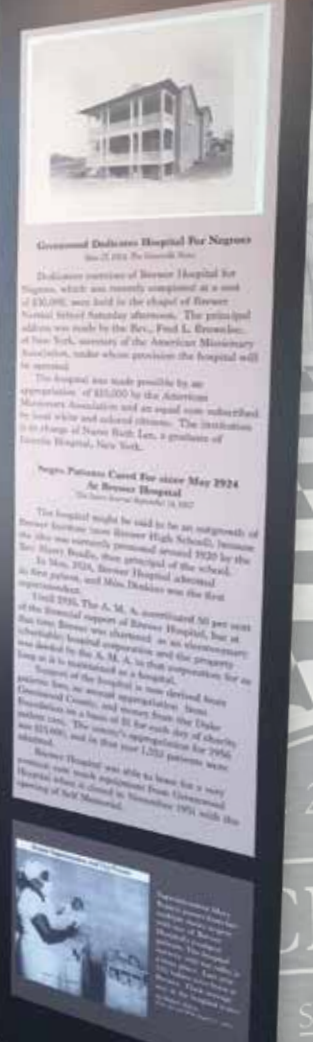

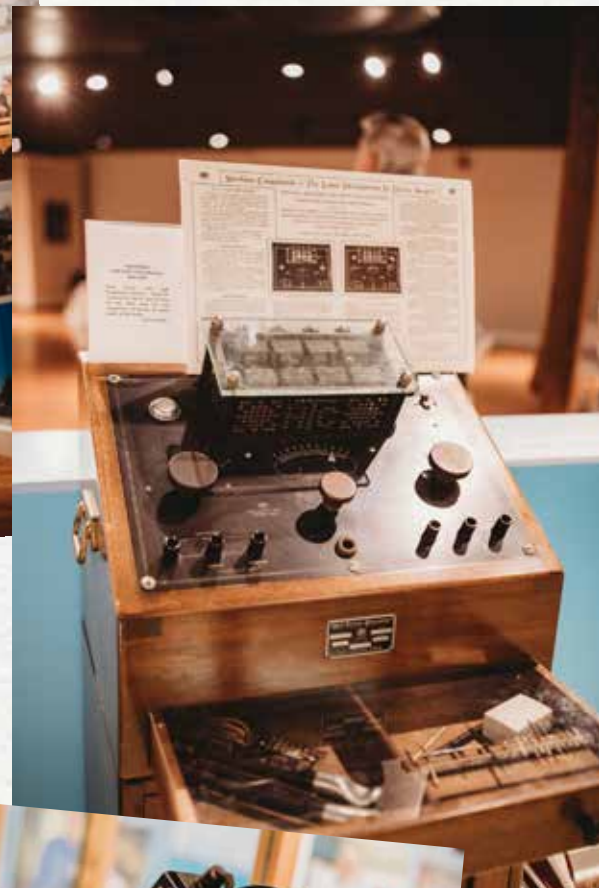

Self Regional Healthcare – A History of Giving

Last year, thanks to the encouragement and leadership of Dr. John Eichelberger and Dr. Jukie Leary, and with the enthusiastic support of the Greenwood Museum, the Foundation funded the creation of a permanent historical Self Regional exhibit on the 2nd floor of the Greenwood Museum. Many may remember this exhibit when it was in the main lobby of the hospital. The exhibit showcases antique medical equipment, photos, and other artifacts reflecting Self Regional's history and commitment to healthcare in this community. Self Regional also participated in a celebration of the Brewer Hospital during Black History Month. A special thanks to our friends at the Greenwood Museum: Karen Jennings, Nikki Murphy and Marion Smith, and Stewart Watson with Bonitz Flooring.

MADAME CURIE *Society*

The Madame Curie Society came about as a tribute to Madame Curie who was a daughter, a wife, a mother, a scientist and a physicist. She was a pioneer whose work led to the discovery of elements that are vital to the work hospitals perform every day. Her gifts to mankind have given physicians and nurses one of the most important weapons to diagnose, treat and fight illness, injury and disease: diagnostic imaging.

Moreover, her gift has endured through time, just as the gifts from our Madame Curie Society members continue to make a difference in availability of high quality healthcare in our community and the Lakelands region.

Levels and membership benefits

Invitations to join the Madame Curie Society are extended to those who accept the challenge to support Self Regional Healthcare through a single gift of \$10,000 or more, or through a minimum pledge of \$2,000 annually over a period of five years.

Membership Levels:

Diamond-\$100,000 Emerald-\$75,000 Ruby-\$50,000 Sapphire-\$25,000 Member-\$10,000

Special thanks to these caring people who joined the Madame Curie Society in 2022.

Grand Harbor Summer Meet and Greet

On June 13, 2022, the Self Regional Healthcare Foundation's Special Gifts Committee held an event for residents of Grand Harbor to "meet and greet" Self Regional Healthcare's President and CEO, Dr. Matt Logan. The group gathered to discuss the latest things going on at Self Regional. Thirty-five Grand Harbor residents attended the event, which included an opportunity for fellowship, food and fun. A special thanks to our hosts for the event, Wayne Carstens, Linda McDonald and Lou Noel.

Madame Curie Society Spring Social

The Self Regional Healthcare Foundation Special Gifts Committee hosted its fourth annual Madame Curie Society Spring Social on May 25th for members and guests. The event was held at Abney Hall. Self Regional Healthcare Food & Nutrition catered and musical entertainment was provided by Ashby Stokes.

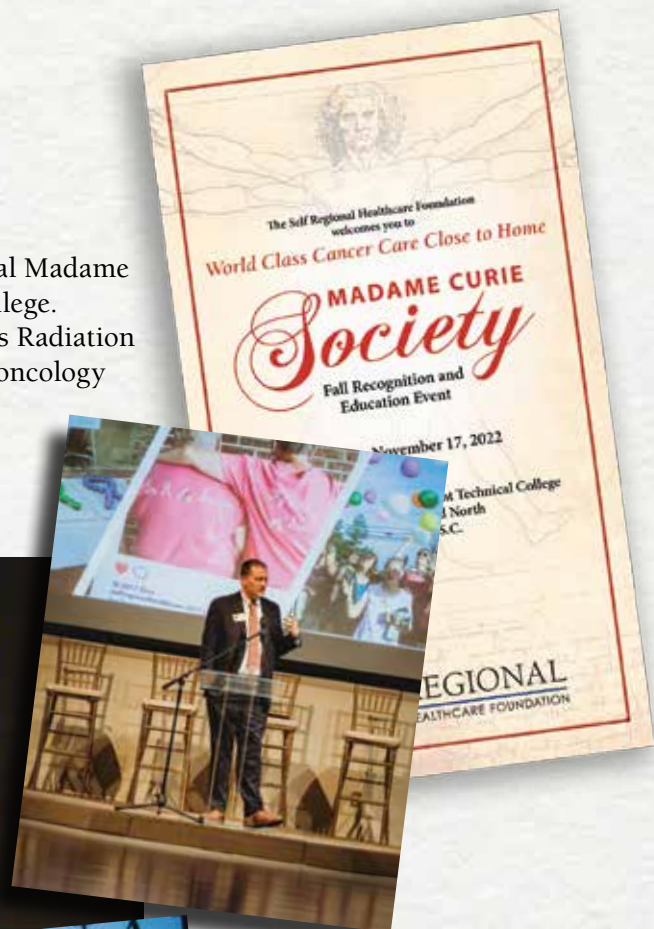

Madame Curie Society Fall Recognition Event

World Class Cancer Care Close to Home

On November 17, 2022, the Self Regional Healthcare Foundation held its annual Madame Curie Society Fall Recognition and Education Event at Piedmont Technical College. The program, World Class Cancer Care at Home, featured one of Self Regional's Radiation Oncologists, Dr. Clint Wood, along with a panel of other members of the SRH oncology team, who spoke about the excellent programs, technology and expertise the SRH Cancer Center offers. He explained how you and your loved ones will receive top level care, right here close to home.

Self Regional Healthcare Foundation's Corporate Honor Roll is a network of community minded businesses and donors whose philanthropic support is critical to helping Self Regional Healthcare achieve its mission.

Participation in the Corporate Honor Roll program signifies a business's commitment to our community and their desire to assure that their employees and all area residents have access to excellent healthcare right here at home.

Eaton Corporation Gives to SRH Foundation

The Self Regional Healthcare Foundation received a generous gift from the Eaton Corporation. "Each year, Eaton donates a portion of our profits to supporting solutions in communities where our associates live and work and around the globe. We remain committed to funding organizations that make a significant impact in their communities. We know that many of our team members and their families have had to deal with prostate and breast cancer. We couldn't think of a more impactful and measurable organization than Self Regional Healthcare, especially as the Foundation begins its Equation For Progress Campaign that is focused on diagnosing, treating and curing prostate and breast cancer in our community. We are honored to continue our support of the Self Regional Healthcare Foundation and are proud to be part of the Foundation's Corporate Honor Roll," said Chelsey Steifle, Human Resources Manager for Eaton. In accepting Eaton's gift, Board Chair Tim Hodges said "We are most grateful to Eaton for its past and ongoing support. Self Regional wouldn't be the premier healthcare provider that it is today without the support of businesses like Eaton that care about the future of healthcare in Greenwood and the Lakelands region."

Pictured from left to right:
 Tim Hodges, Chairman, Self Regional Healthcare Foundation Board of Trustees,

Corporate Honor Roll Cup Tournament

In September, the Foundation's Business and Industry Committee held its first annual golf outing for Corporate Honor Roll members. Each member was offered an opportunity to put a team together and play in the Corporate Honor Roll Cup Tournament. Held at the Greenwood Country Club, a reception immediately following the golf outing recognized business donors for their support of the Foundation. The Commercial Bank team of Tim Thompson, Senator Mike Gambrell, Nakia Davis and Earle Ashley won the first annual Corporate Honor Roll Cup trophy with a winning score of 59.

Medically Speaking

In March 2022, the Self Regional Healthcare Foundation's Business & Industry Committee and the Greenwood Chamber of Commerce announced a new program for Chamber members and the community. Medically Speaking was launched on May 10, 2022 with a presentation on the "State of Self Regional Healthcare" by Dr. Matt Logan, President and CEO of Self Regional Healthcare. The program was held at the Greenwood Theatre. Following the presentation, the Self Regional Healthcare Foundation hosted a reception for attendees at the Greenwood Museum.

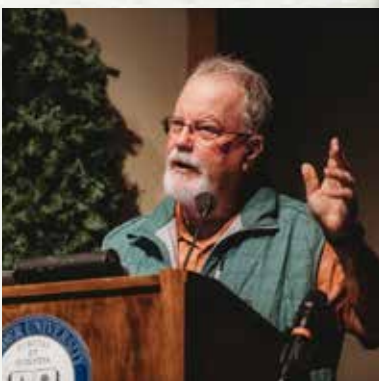

"We are very excited to offer this program to the Chamber's membership and this community. This new series gives us an opportunity to showcase our healthcare system and educate the business community and the community at large on timely health topics. We know how important Self Regional and healthcare is to our community and providing information and education on healthcare is a key aspect of our Committee's mission," said John Davidson, Chair of the Foundation's Business & Industry Committee.

Two other programs were held in 2022. Dr. Todd Hansen, Urologist, spoke in September on "Robotic Surgery and What it Means for Greenwood and the Lakelands." In December,

Medically Speaking provided information on the prevention and treatment of strokes, featuring Dallas Swartzentruber, coordinator of Self Regional's Stroke and Trauma Program, Jennifer Clary, director of the Stroke Program at Self Regional, and Dr. Wayne Sida, Neurologist. Lander University hosted the September and December programs. Nursing and health science students from Lander and Piedmont Technical College attended the programs, along with Greenwood County School System Medical Magnet students.

"We are pleased to work with the Chamber of Commerce on this initiative. Medically Speaking ties in with our goal to provide service and education on healthcare to the business community, and to the community at large. What's more, Medically Speaking has expanded and is now available on podcast by going to www.selfregionalhealthcare.org," said Ken Coffey.

Legacy Circle Luncheon

In October, Self Regional Healthcare Foundation hosted its annual Legacy Circle Luncheon at the Greenwood Museum to honor those who have named the Foundation in their estate plans. We are so grateful for these generous individuals and the legacy they will leave for healthcare in the Lakelands. A special thanks to our newest Legacy Circle members: Mr. and Mrs. Mike Mallon, Mr. and Mrs. John Cooper, and Mr. and Mrs. Ken Coffey for remembering the Self Regional Healthcare Foundation in their estate plans.

1951 Club and Team Member Campaign Recognition Event

On October 15, 2022, the Self Regional Healthcare Foundation hosted a Western Jamboree to recognize Self Regional Healthcare team members and community members of the 1951 Club and Madame Curie Society.

350 people attended the Jamboree, which was held at the Lander Equestrian Arena. The evening featured BBQ with all the fixings from Tony Morton and his team at Smokehouse BBQ. Howard's on Main provided the adult beverages, and the crowd was treated to a 2-hour concert by On The Border - the Ultimate Eagles Tribute Band.

The Foundation gives special thanks to its sponsors for the event: Cultured Cowboy, Satterfield Construction, Lonza, Bonitz Flooring, The O'Dell Corporation, TICI (Trades Industrial Co., Inc), and Enviva.

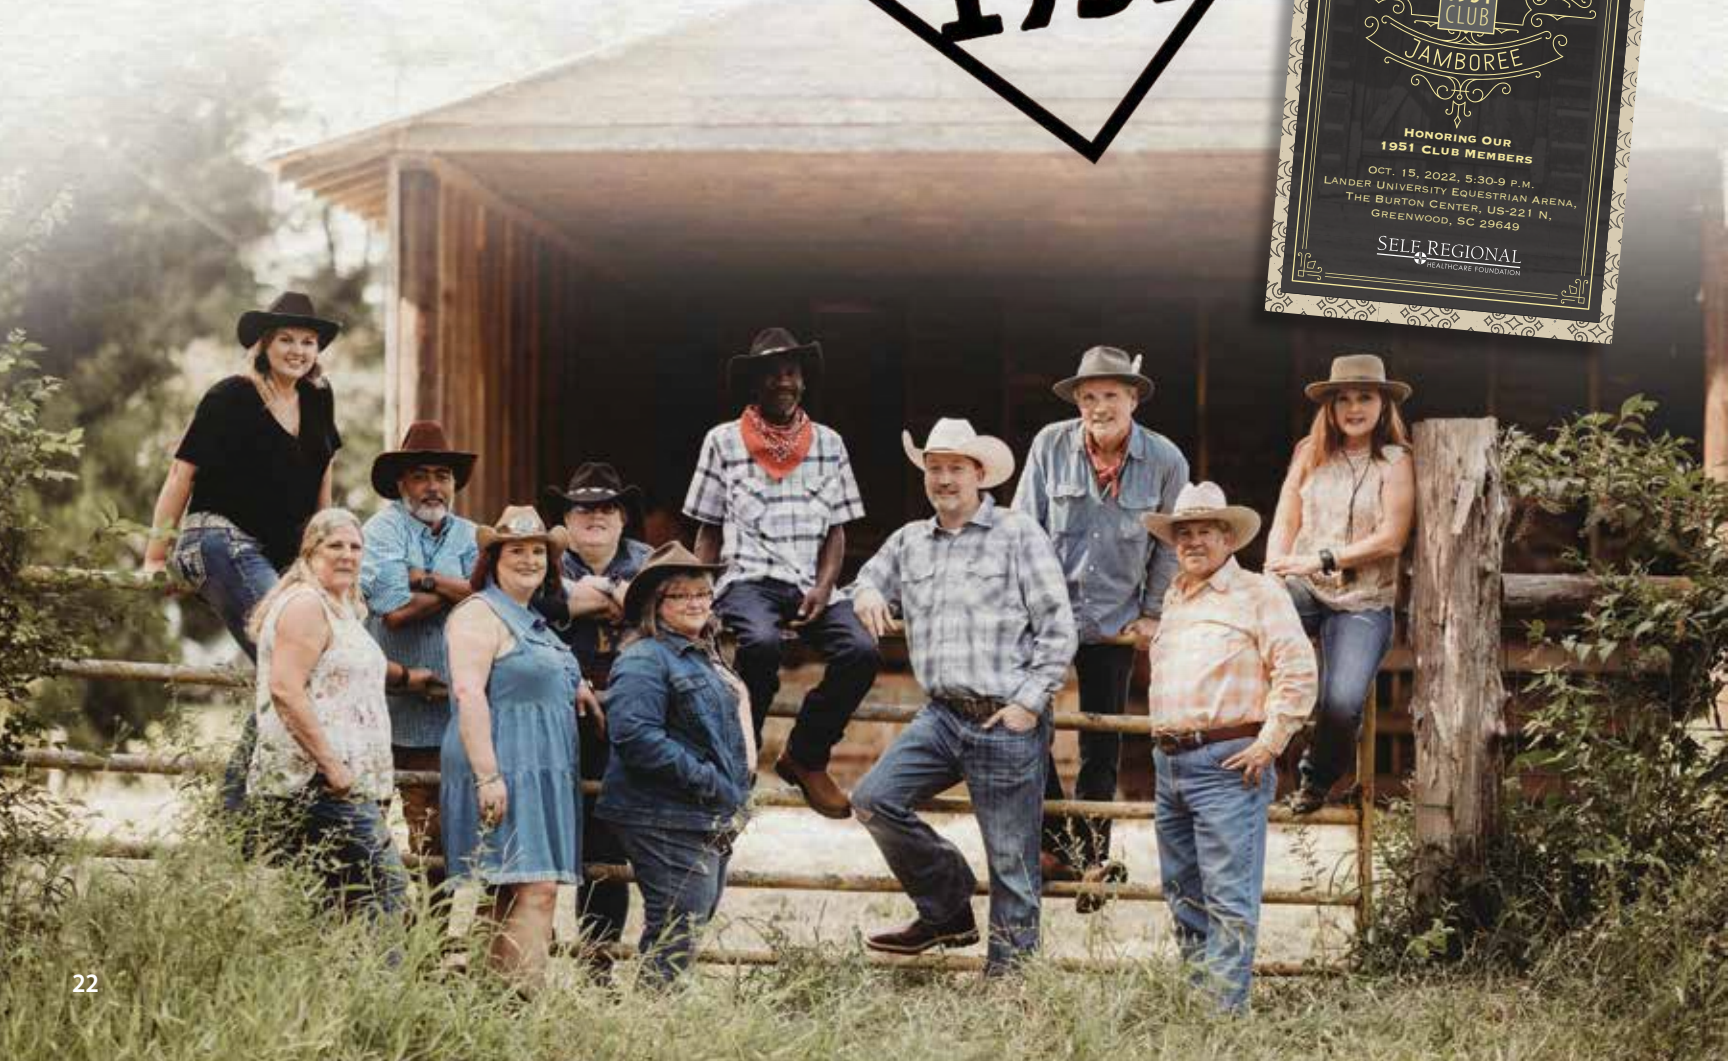

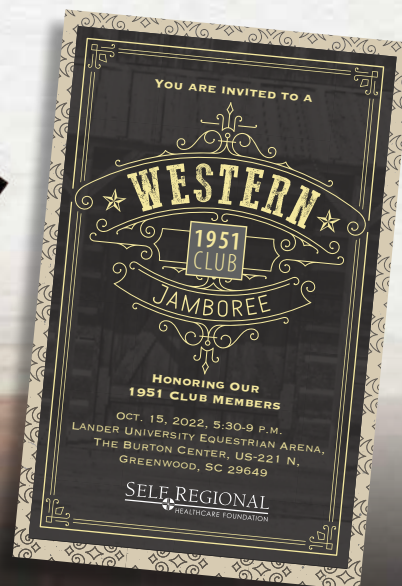

Funds raised from the Jamboree go towards the Foundation's next fundraising effort, the Equation For Progress Campaign. This campaign is focused on generating charitable gifts for two big initiatives at Self Regional Healthcare: support for da Vinci robotic surgery technology and support to create a comprehensive breast center for women. These two diseases are the 2nd most common form of cancer and the 2nd leading cause of death among men and women.

On the robotic surgery front, the da Vinci will help Self Regional bring advanced surgical care to our community and Lakelands region. This state-of-the-art robotic surgery technology will offer options for urology, gynecology and

many general surgery procedures. Having robotic surgery right here at home will allow us to better serve those who need surgical treatment for prostate cancer.

1 in 8 women will be diagnosed with breast cancer. Creating a comprehensive breast center at Self Regional will allow us to enhance the experience of patients seeking care with us. Some of our goals include reducing the time from initial screening to diagnosis and reducing the time from definitive diagnosis to treatment in a more aesthetically pleasing facility. Our new breast center will help us bring the latest technology and breast care specialists together to enhance the patient care and experience for women in our community and the Lakelands region.

Funding for these two projects will come from two sources: philanthropy and cash reserves budgeted by the hospital knowing that these service enhancements are in the works. The investment for these two programs is estimated to total \$8 million. These two projects have the potential for touching countless lives in our community as all of us know of a family member, co-worker, friend, or neighbor that has been touched by one of these cancers.

THANK YOU
1951 CLUB WESTERN JAMBOREE SPONSORS!

CULTURED COWBOY 

 **Lonza**

Team Member Donors

Our Team Member Campaign is the giving club through which the hospital family shows its support. By making a gift, Team Members have the satisfaction of knowing they are doing something important for Self Regional Healthcare and the community we serve.

Rocking Horse Honor Roll

Self Regional Healthcare Foundation created this program in 1994 thanks to a gift from the late Senator Strom Thurmond, whose four children were born at Self Regional Healthcare.

The Rocking Horse Honor Roll offers a special way to commemorate the birth of a child. With a gift of \$150 or more, newborns are honored with medallions on the wall of our Childbirth Center. Gifts to the Rocking Horse Honor Roll are earmarked for the Nancy Moore Thurmond Memorial Fund, which is dedicated to providing equipment and services for our Childbirth Center.

Friends of the Foundation

Over the years, many of these individuals have supported Self Regional Healthcare Foundation by paying tribute to a special caregiver – a physician, nurse, housekeeper, volunteer or other individual who made a difference in their stay or the stay of a friend or loved one at Self Regional Healthcare. These individuals below have made such gifts, and we're grateful for their generosity.

GIFT OF TRIBUTE

Tribute

The Gift of Tribute program, of the Self Regional Healthcare Foundation Annual Support Committee, remembers those who have had an impact on our lives. Gifts can be in memory of someone who has passed away, or can be in honor of someone who is celebrating a birthday, anniversary, graduation or wedding.

When you make a Gift of Tribute, you will receive a letter acknowledging your gift and the honored person or family will be notified of your thoughtful tribute. The amount of the gift is kept confidential. To make a Gift of Tribute online, visit www.selfregionalfoundation.org and go to the "Giving to Self Regional" section where you may use your credit or debit card.

Doctor's Day Recognitions 2022

Over the years, an increasing number of patients have expressed gratitude for the care they've received by making a gift in honor of their doctor. National Doctor's Day, which is celebrated on March 30, provides a perfect opportunity to give a special thanks to physicians and caregivers.

The donors listed below made a gift to demonstrate their appreciation, while at the same time, making a tangible and meaningful impact on our ability to care for patients 24 hours a day, 365 days a year.

WELCOME BACK MID-WINTER BALL

Let's Dance!

Mid-Winter Ball 2022

The Self Regional Healthcare Foundation expresses its sincerest gratitude and appreciation to the community of Greenwood for its unwavering support of the Annual Mid-Winter Ball. Due to Covid 19, the Ball was held on April 9.

The Ball raised \$92,000, which will benefit the Foundation's "Equation for Progress Campaign," and will help with the support of da Vinci Robotic Surgery technology and the creation of a comprehensive Breast Center of Excellence to diagnose and treat the two most common forms of cancer: Prostate Cancer and Breast Cancer.

We want to especially thank our Ball Chairs, Glenda Corley and Amanda Dunlap for their vision and immense contributions of time and energy to make our Mid-Winter Ball a success.

Estate Planning

It's time to create, or update, estate plans

If you haven't created an estate plan, or have one but the documents may be outdated, you might be putting yourself and your family at risk if the unthinkable, such as becoming incapacitated or passing away, should happen to you. To assist you with getting started on creating or updating your plan, it helps to understand these five important documents that are part of many estate plans:

1. Will

A will provides instructions for when you die. You appoint a personal representative (or "executor") to pay final expenses and taxes and distribute your assets. Remember that beneficiary designations on 401(k) plans, IRAs, insurance policies, etc., supersede what you have in your will. If you have minor children, a will is the only way to designate a guardian for them.

2. Durable power of attorney

A power of attorney lets you name an agent, or attorney-in-fact, to act on your behalf. You can give this individual broad or limited management powers. Choose them carefully because they will generally be able to sell, invest, and spend your assets. A traditional power of attorney terminates upon your disability or death. However, a durable power of attorney will continue during incapacity to provide a financial management safety net. A durable power of attorney terminates upon your death.

3. Health care power of attorney

A durable power of attorney for health care, also called a health care proxy, authorizes someone to make medical decisions for you in the event you are unable to do so yourself. This document and a living will can be invaluable for avoiding family conflicts and possible court intervention if you're unable to make your own health care decisions. Remember to review this document regularly to ensure the right person is designated to make any necessary medical decisions.

If you are a parent, be aware that once a child turns 18, you need a health care power of attorney for them so you can engage with their medical professionals.

4. Living will

A living will expresses your intentions regarding the use of life-sustaining measures in the event of a terminal illness. It expresses what you want but does not give anyone the authority to speak for you.

5. Revocable living trust

By transferring assets into a revocable trust, you can provide for their continued management during your lifetime (when you're incapacitated, for example), at your death, and even for generations to come. Your revocable living trust lets trust assets avoid probate and reduces the chance that personal information will become part of public records.

Along with working with an attorney to create or update these, and possibly other estate planning documents, remember to:

- Make sure your loved ones are able to access your documents or know whom to contact (such as your attorney) when they need them.
- Go over account titling, powers of attorney, and successor trustee provisions to be certain the right individuals have access to funds.
- Determine who should have information on electronic passwords and online banking access so they can access information, update automatic payments, etc.

Investment and Insurance Products are:

- *Not Insured by the FDIC or Any Federal Government Agency*
- *Not a Deposit or Other Obligation of, or Guaranteed by, the Bank or Any Bank Affiliate*
- *Subject to Investment Risks, Including Possible Loss of the Principal Amount Invested*

CAR 0822-04804

Chris Cabri began his career at Ameriprise in 1996 where he began a planning based practice. He transitioned to Wells Fargo Advisors in 2020. Prior to starting his career, he earned a Bachelor of Science in Economics and Finance from Lander University and his Master of Business Administration (MBA) from The Citadel. Chris has continued his education and earned the Certified Financial Professional™ (CFP®), Chartered Financial Consultant® (ChFC®) and a Master of Science in Financial Services (MSFS). Chris and his wife, Kristen reside in Greenwood with their children, Joseph and Arden and their beloved English Field Spaniel, Sunshine. In his spare time, you will find Chris hunting, fishing, playing golf and tennis.

Volunteer Engagement Award

Pride Philanthropy, a national healthcare fundraising firm, has selected the Self Regional Healthcare Foundation to receive the 2022 Volunteer Engagement Award. Pride Philanthropy has worked with hundreds of nonprofit healthcare institutions in the country and recognized Self Regional as a shining example of involvement of community volunteers in the fundraising process.

“The Self Regional Healthcare Foundation has developed an extensive committee structure and has involved key community leaders in the many aspects of philanthropy from identification of donors, cultivation, asking for gifts, and the important elements of recognition and donor stewardship. The Foundation volunteers bring outstanding leadership and community connectivity to Self Regional.

Pride Philanthropy has decades of experience in nonprofit healthcare and understands that engaging volunteer leadership expands the results of the philanthropic efforts of an organization and creates sustainability for future success. Our enthusiastic congratulations go out to the staff and volunteer team at the Self Regional Healthcare Foundation,” said Jim Lyons, Partner at Pride Philanthropy.

Help Us Solve The Equation For Progress!

The Equation For Progress is not the Pythagorean Theorem or Rate x Time = Distance.

The Equation For Progress is simple. It's People + Philanthropy = Progress. By making a gift to this Campaign, you can be part of the solution!

People + Philanthropy = Progress

Scholarships: Mary Ella Ruff Nursing Scholarship

The Mary Ella Ruff Nursing Scholarship is named in honor of Miss Ruff, a truly dedicated and exemplary Self Regional nurse. Miss Ruff dedicated her life to taking care of people, and after working as a nurse for 35 years, she retired in 1978. Her co-workers established this scholarship in 1997 in her honor as one of the finest and beloved nurses.

This scholarship is awarded annually to persons enrolled in a certified nursing program in the state of South Carolina or to practicing nurses who are advancing their professional skills.

Mary Ella Ruff Nursing Scholarship Winners for 2022:

Harrison Bell

Carmen LeeAnn Brewington

Lauren Elizabeth Davenport

LeeAnna Paige Fingerlin

Ezaria Evette Jackson

Kensley Beth Lothridge

Self Regional Healthcare Auxiliary

We believe in quality service, performance excellence, a professional presence and the Self Regional's tradition of excellence. Our vision is to complement the services of the departments and staff. Our volunteers are recognized as an essential and credible program within the hospital.

Through the operation of the gift shop, special vendor sales, and the Lights for Love project, the Auxiliary has generated income, and in turn, has made substantial donations to the hospital to fund various projects and needed equipment that benefit all of our patients and their families. To date, the Auxiliary has given nearly \$2.2 million to Self Regional Healthcare.

Lights For Love

This year, the volunteer auxiliary chose to honor Mrs. Ruby Clark, who started the Lights for Love Campaign 43 years ago. Volunteer auxiliary pledged to raise \$16,500, to use to build an employee Serenity Garden in honor of Mrs. Ruby Clark, which will be located on the Wells side entrance on the hospital grounds. Mrs. Clark's family was in attendance for the annual tree lighting this year. The star on the tree was in honor of Ruby Clark, and we were entertained with Christmas carols by voices of Grace Youth Choir under the direction of Dr. Keith Jameson. Dr. Matt Logan, Self Regional Healthcare President and CEO, gave closing remarks, and his daughter Ann assisted in the lighting of the tree. SRH volunteer services has partnered with Piedmont Technical College Horticultural program, under the direction of Daniel Greenwell, Program Director, to design and install the serenity Garden. It will be a learning experience for his students on designing serenity gardens.

Self Regional Healthcare 2022 Board of Trustees

Pictured from left to right: S. Lindsey Clarke, MD, W. David Hastings, Treasurer, Walter (Jerry) Stevens, Vinetta Goodwin Witt, Matthew Logan, MD, President & CEO, Michael A. Butler, Vice Chair, Linda T. McDonald, Joseph R. Millender, Chairman, F. Gregory Mappin, MD, Secretary, John B. Thompson

A Message from our President and CEO

Dear Friends:

It is hard to believe that more than a year has passed since I stepped into the role of President and CEO of Self Regional Healthcare. What a year it has been.

In my 2021 Donor Report message to you, I mentioned my vision for Self Regional and our goals to be the best place to get care, the best place to give care, and for Self Regional Healthcare to continue to be financially sound. These goals can be moving targets, but I am pleased to report that we have made great progress toward reaching these lofty goals.

Recently, Self Regional had its CMS accreditation survey from DNV, our accreditation agency. This rigorous, organization wide inspection occurs every three years. Surveyors were on site to evaluate clinical quality, patient and team member safety, policies, and procedures. This was our first inspection since the pandemic outbreak, and I am happy to report that Self Regional had a great inspection. The surveyors shared with us that our hospital had one of the most positive cultures of the hospitals they have visited in the last year.

No doubt you have seen or heard some of the news about a possible affiliation with the Abbeville Area Medical Center. Self Regional and AAMC have signed a letter of intent to formally pursue the affiliation. Many details are still being worked out, but we anticipate the affiliation to be complete later this year. We are excited to be partnering with our neighbor to enhance the services to the Abbeville community.

One of our top concerns is the need to recruit new physicians and other clinical staff. We have added a number of new services over the last year including advanced robotic surgery in urology, general surgery, and gynecology, advanced cardiac imaging services, and podiatry, among others. We also recognize we have a growing number of physicians approaching retirement age. We are developing a medical staff recruitment plan to continue to meet the healthcare needs in both primary care and specialty care in our communities. This is a very high priority for Self Regional Healthcare because we want to provide a seamless continuum of care for the patients of our retiring physicians. Additionally, the nursing shortage continues to challenge us, but we are working very closely with our friends at Lander University, Piedmont Technical College, and even area high schools, to encourage young people to consider entering nursing and other healthcare careers.

The ER renovation project that was delayed during the Covid pandemic is now underway. The initial phases – moving part of the radiology suite and pain management suites, are already underway. There will be much more activity in the main part of the ER in the coming months. We anticipate the project will be completed in the fall of 2024. The new ER will have more rooms, an observation unit, enhanced fast track area for lower acute conditions, and is designed to improve the experience of our patients and team members. I am very excited about the enhancements allowing us to better serve the community!

As we are coming out of the pandemic, many challenges lie ahead, but we are positioned for success. We are committed to continue to improve our services to the community. Our goals remain the same. We will continue to strive to be the best place to get care – to me this means provide high quality care in a loving environment that we can all be proud of. We will continue work to become the best place to give care – we will take care of our team members and provide a good working environment that fosters team work and caring. We will remain financially sound. Thank you to the people and businesses recognized in this Donor Report. Your gifts, no matter how large or small, help us continue to meet the healthcare needs of the Lakelands. Your continued support is vital and needed. On behalf of Self Regional Healthcare and the patients we care for, I thank you.

Sincerely,
Matthew Logan, MD, MHCM
President & CEO
Self Regional Healthcare

MyChart

*Putting you in touch.
Putting you in charge.*

If you follow Self Regional Healthcare on social media or pay much attention to our ads and marketing materials, you've likely noticed that we're talking a lot these days about MyChart. Well, there's a good reason why. The MyChart tool helps put people in charge of their healthcare like never before.

With a MyChart account, you can access your records at most Self Regional hospital visits and most Self Regional practices, both primary care (such as family medicine, internal medicine or pediatrics) and specialty care (such as cardiology, orthopedics or surgery).

Healthcare is constantly changing, and Self Regional Healthcare continually adapts to meet the healthcare needs of our community. To remain on the leading edge of technology and constantly improve your experience, Self Regional uses one of the most well-known EHR systems in healthcare, Epic. MyChart is a free online tool provided by Epic that serves as a centralized location for your health information.

MyChart enables you to see key parts of your medical record, communicate with your care team and engage in your own care like never before. You can also use MyChart to manage the health information of other family members.

Here are some other things you can do:

- Communicate with your healthcare team by sending and receiving secure messages
- View test results, visit summaries, immunizations and other important health information
- Review medications and request prescription renewals
- Request or cancel appointments
- Manage your children's health information through a proxy account
- Request, view and print your health records for easy transport to outside providers
- Grant outside providers a one-time access to view information in your MyChart
- View preventative care recommendations
- View billing summaries and pay professional and hospital balances for accounts for which you are the guarantor
- Receive valuable reminders and notifications regarding your account and health updates
- Schedule your own appointments for participating locations
- Get treatment through telehealth for non-emergency concerns

MyChart for Your Mobile Device

You can download the MyChart app to your mobile device. This free app is available for Apple and Android devices. The MyChart app provides fast, secure access to MyChart features.

Sign up today for a free account at mychart.selfregional.org or you may also download the MyChart app. If you need help registering or using MyChart, please call (864) 725-2737.

Self Regional Healthcare Virtual Care

If you haven't watched Dr. Logan's Medically Speaking Podcast yet, do yourself a favor and check it out at selfregional.org/medically-speaking/. Every month we post an engaging new conversation that will be of interest to anyone in the Lakelands. Be sure to watch episode #2 about Virtual Care. In that episode Dr. Logan and Graham Sullivan (SRH Director of Virtual Services) discuss how easy and convenient it is to use MyChart to access telehealth services. You can also listen to the Medically Speaking Podcast every Sunday at 2:00 PM on Sunny 103.5.

Repondez Si'l Vous Plait

What does this French phrase mean? It translates into whoever sent you an invitation to a special event requests a response. In other words, you, as the recipient, have two choices: yes you will attend or no you will not attend. This phrase is so very important to anyone or any organization that asks for an RSVP. Why? It's because the host/organizer is planning an event for you and wants to be sure to have enough seating, food, beverages, name badges ready, and all the other accoutrements available.

When you receive one of our invitations and an RSVP is requested, please respond as to whether or not you can attend. We understand that sometimes late breaking circumstances can change your plans, but your prompt and timely RSVP helps us to ensure that you have the best possible experience at our Foundation events.
